

HEAVY CANNON FIRE RESUMED BY TURKS

Dardanelles Situation Theme
of Important Conference
in Constantinople.

AMERICANS DESCRIBE HUGE ALLIED LOSSES

But 67 of Australian Regiment Re-
turn After Charge, Say Officers
of Cruiser North Carolina.

LONDON, July 30.—"The Turks have obtained large supplies of heavy ammunition and resumed a sustained artillery fire," says the Times. "The allied forces, however, have not been able to return the fire." The Turkish forces, however, have not been able to return the fire.

Conference in Turk Capital.
"An important conference was held at Constantinople July 27, Germany, Austria, Bulgaria, Field Marshal von Der Goltz, the German commander of the Turkish forces, the Turkish grand vizier and the Ottoman cabinet being represented," says the Geneva Tribune correspondent. "Field Marshal von Der Goltz and the grand vizier were present in person."

U. S. Officers Tell of Losses.
BERLIN, July 30, by wireless to Sayville, N. Y.—A dispatch from Athens, Greece, to the Overseas News Agency says: "The American cruiser North Carolina shortly returned to Greece from an extended trip in the war zone. The officers of the ship told an acquaintance that the real losses of the entente allies in the Dardanelles surpassed everything heretofore reported. The Australian and Irish detachments were almost annihilated."

Called Simple Insanity.
"The attempts to storm the rocky steep heights on the Asiatic side of the straits were termed by these officers as simple insanity. Turkish machine guns directed by German officers, mowed down the storming ranks. The Turks, led by the Germans, fought with great fury."

GERMANS IN CHILE PLAN
TO ERECT A HOSPITAL
BERLIN, July 29 (Overseas News Agency dispatch by wireless to Sayville).—Germans in Chile, according to advices received here, have resolved to erect a German hospital at Valparaiso in honor of the German sailors who were killed in the naval battle between German and British squadrons off the Falklands last December, when the German cruiser Scharnhorst, commanded by Admiral Von Spee, were sunk.

Malik Adjudged Temporarily Insane
NEW YORK, July 30.—Rudolf Malik, an Austrian, arrested by federal officers several weeks ago for sending a threatening letter to President Wilson and a postal card threat to the consul general of Austria-Hungary, was yesterday acquitted by an instructed jury verdict on grounds of temporary insanity.

War Officially Reported.

AUSTRIAN STATEMENT.

VIENNA, July 29, via London:

Russian war theater:
On the frontier between Bukovina and Bessarabia the Croatian landwehr and the Hungarian landwehr surprised a strongly fortified Russian position; the enemy fled after a sanguinary hand-to-hand conflict, leaving 170 dead.

Our troops captured intrenchments east of Kamionka, making prisoners of a colonel, seven other officers and 500 men.

RUSSIAN STATEMENT.

PETROGRAD, July 29, via London, July 30:

Between the Niemen and the Dvina no material changes have taken place. The Narov front is without change. The enemy suffered enormously from artillery fire in an attempt to fortify the left bank of the river and the district of Skva. Considerable forces of the enemy failed in an attempt to advance between the Narov and the Ose.

In the direction of Serock-Pultusk there was fighting on both banks of the Narov.

On the left bank of the Vistula we repulsed the enemy's advance guard in the direction of Gora Kalwary and Grojec. Between the Vistula and the Vepz quiet prevails. Between the Bug and the Vepz the enemy suffered enormous losses. Wednesday the enemy attacked in the Maidane-Ostrowsky region and east of the Volskavitz-Kovlakavitz region. On the Bug, above Sokol, we repulsed two Austrian attacks.

Near Kamionka about six Austrian regiments crossed the Bug and repulsed our attacks. Wednesday we compelled the enemy's forces to retreat in disorder beyond the river; we captured during twenty-four hours 1,500 prisoners.

TURKISH STATEMENT.

CONSTANTINOPLE, July 29, via London, July 30:

On the Caucasian front we vigorously pursued remnants of the enemy who had been defeated on the Bredado height, capturing great quantities of munitions and food supplies and a number of Russian prisoners.

In the Dardanelles Wednesday night a reconnoitering column from our right wing surprised part of a hostile trench, capturing many guns and much material.

GERMAN STATEMENT.

No official German statement was received. The latest one, that issued yesterday, reads:

In Flanders our artillery yesterday destroyed a pontoon over the Furnes canal on which a heavy gun had been mounted.

To the west of Souchez a French attack was repulsed.

Near Givency, in the Argonne, and near Vauquois we successfully blew up mines. French mine explosions in the Champagne district were without result.

In the eastern theater of war the situation north of the River Niemen remains unchanged. To the northeast of Suwalki, along both sides of the railroad to Ollta, our troops have occupied a portion of the enemy position, capturing 2,010 prisoners and two machine guns.

Last night the Russians delivered repeated attacks against our front south of the River Narov and south of Naiselk. All these endeavors failed, with heavy losses to the enemy. To the west of Novozorkievsk, on the south bank of the Vistula, we captured 125 Russians.

In the district to the southwest of Gerakalwarja Russian forces on the night of July 27 attempted to advance in a westerly direction. Yesterday we attacked them and drove them back.

In the southern theater of the war the situation with regard to the German troops is generally unchanged.

Judgments.

SPIES ARE ROUNDED UP BY BRITISH AUTHORITIES

Trials Will Be in Camera, But Complete Details Are Withheld.

LONDON, July 30.—Many spies have been rounded up by British authorities, and several soon are to be tried in camera, according to a British official statement just issued on the subject. It says:

In addition to the five persons whose conviction for espionage has already been announced, the authorities have arrested at various times recently the following alleged German agents:

(A) A Dutch subject.
(B) A Dutch subject, recently tried by court-martial for attempting to communicate information regarding the fleet; findings and sentence not yet promulgated.
(C) A German with a forged American passport.
(D) A woman of German origin, married to a naturalized British subject of Prussian birth, from whom she is separated.
(E) A Brazilian of German origin.
(F) A native of Uruguay, of German origin.
(G) A Peruvian of suspected German origin.
(H) A Swede.
(I) A German; claims to be a naturalized American.
(J) A British subject.

Make Full Confession.

"Of the above, A, C, H and I, since their arrest, have made full confession of their mission. They will all be charged with attempting to collect and communicate to the enemy information regarding the fleet and military forces, with the intention of assisting the enemy or committing an act preparatory thereto.

"The trials will be in camera. It is not desirable in the public interest to give further details, but it may be stated that as far as is known none of these persons had been in this country longer than three weeks at the time of arrest. Owing to certain measures adopted by the authorities, their activities were cut short in their early stages."

Sentenced to Six Months.

Carl Reinhard, a German, who has a residence in Richmond, England, has been sentenced, at Falmouth, to six months' imprisonment at hard labor for landing in England from the United States with a passport which, according to the evidence, he admitted was forged. Reinhard arrived at Falmouth on the Dutch liner Rotterdam from New York with a passport made out in the name of Alfred Geyssell and which described him as a Swiss subject.

TURK FORCES RETREAT MORE THAN 25 MILES

Gen. Sir John Nixon Claims Successes Near Nasiriyeh in Asiatic Turkey.

LONDON, July 30.—An official communication made public here last evening says:

"Gen. Sir John Nixon reports that as a result of an action the 24th of July near Nasiriyeh (Asiatic Turkey), the disorganized Turkish forces retreated northward more than twenty-five miles."

"The enemy's casualties in killed, wounded or prisoners amounted approximately to 2,500 men, the prisoners including forty-one officers and 690 men, of whom some 200 were wounded. Our captures of arms and material include one forty-pounder gun, twelve field and two mountain guns, several machine guns, 1,000 rounds of artillery and 500,000 rounds of small-arm ammunition and explosives and bombs, and other miscellaneous ordnance stores."

"Our casualties numbered 564 men, as follows: British officers killed, 5, and wounded, 20; other ranks, killed, 47; wounded, 142; and missing, 30; Indian officers killed, 4; wounded, 27; and missing, 6."

"The departure of the sick and wounded from Nasiriyeh has commenced."

DUTY.

(Copyright, 1915, by Dr. Frank Crane.)

The very best kind of man and the most useful to his fellows is the man who does what he ought to do. There is but one cowardice, it is not doing one's duty. There is but one failure, the failure to discharge an obligation. There is but one sin, not doing what we ought.

The biggest word in the language is ought. The man who keeps it bright within him, always visible and always revered, is a real man.

There is so much of the superfluous among us, so much glory in affairs that are none of our business, so much success in that essential treachery, and so much goodness that is but interesting meanness.

It is better to keep your word than to speak pleasantly. It is better to tell the truth than to lie entertainingly.

It is better to be loyal than to be affectionate. It is better for you, if you are an employer, to give your workers fair wages, and a little more, to treat them with consideration, and to recognize them as human beings than to wring money from them to give to charity.

It is better to be honest toward women than attractive. It is better for a woman to deceive no man than to win one.

It is better to pay your debts than to give to the poor. It is better to earn your living and take yourself off other people's backs than to be a saint or a genius.

It is better to have a little efficiency than a lot of knowledge. It is better to do one good act than to speak many good words.

One earned dollar is worth more to you than a thousand given you. "There are," said Elizabeth Inchbald, "persons who love to do everything but that which their immediate duty requires. There are servants that will serve every one more cheerfully than their own masters; there are men who will distribute money liberally to all except their creditors, and there are wives who will love all mankind better than their husbands. We have acts of generosity, self-denial and honesty where smaller pains would constitute greater virtue."

Duty is the egg of all goodness. It is the primordial protoplasm from which all organized excellences develop.

Without it religion is hypocrisy, love is poison, activity is needless kindness, cruelty and every good quality as a red apple full of wormy meat.

POPE HOPES TO OBTAIN ARMISTICE IN CONFLICT. DISPATCHES DECLARE

BERLIN, July 30, by wireless to Sayville, N. Y.—A dispatch from Madrid to the Overseas News Agency, says the Spanish newspaper A. H. C. reports from Rome that the Pope is preparing a great action through the episcopate of the belligerent countries, with the object of securing an armistice.

The Archbishop of Pisa is quoted as having taken the story, and adding that Pope Benedict himself is aware of the grave difficulties which he has to overcome.

BULGARS SEEK TO SCARE ENTENTE POWERS, CLAIM

Minister of Finance Confering
With Government Leaders in
Vienna and Berlin.

LONDON, July 30.—A dispatch to the Morning Post from Budapest says:

"Dr. Styanow, the Bulgarian minister of finance, is holding a series of conferences with Count Stephen Tizza, the Hungarian premier; Baron Burian, the Austrian foreign minister, and other government leaders in Vienna and Berlin. In connection with his visit there considerable talk about Bulgaria has been going on."

Dr. Styanow declines to be interviewed, but presumably his journey is connected with financial questions.

"Meanwhile the Bulgarian premier, M. Radoslawoff, at Sofia, is issuing statements and interviews daily. To the journalists of the entente powers he praises his army, while to Teutonic journalists he diplomatically lauds his attitude of neutrality."

"General belief here is that Bulgaria is trying to frighten the entente powers by dispatching emissaries for confidential negotiations with Turkey, Austria and Germany."

Greek Opinion Divided.

ATHENS, July 30.—The newspapers are commenting freely on the reported Turco-Bulgarian convention. Those newspapers which are opposed to the former Premier Venizelos express the belief that it indicates the turning of Bulgaria to the Teutonic powers and argue that it ends the hope of re-forming the Balkan league as favored by Great Britain. These newspapers urge, therefore, that Greece must maintain her neutrality at all costs.

The organs which uphold the policy of Venizelos think Bulgaria has been assured important territorial additions, besides the mere cessation of the Mida-Etnos war, and urge Greece to join to triple entente powers in order to assure herself of corresponding extensions of territory.

PRAYERS OF THANKS TO ASCEND IN GERMANY

BERLIN, July 30, by wireless to Sayville, N. Y.—Cardinal von Harnmann, the Archbishop of Cologne, has published an order addressed to all the churches of his diocese to hold special services and prayers next Sunday thanking the Almighty for the powerful blessing accorded German arms in their many victorious battles in the east and west, and praying for his assistance in helping to bring about an early and lasting victorious peace.

The services will be brought to a close with a special prayer prescribed by Pope Benedict.

FRENCH FLIER MEETS DEATH.

Machine Catches Afire While Soaring Over Etampes.

ETAMPES, France, July 30.—A French military biplane carrying Quartermaster Duvoyn of the 5th Light Cavalry caught fire while flying over this place at a height of 300 feet yesterday. The cavalry officer was thrown out of the aeroplane when at an altitude of 150 feet and died in a few minutes. The machine was demolished.

PREMIER BORDEN SAYS BRITAIN IS IN BALANCE

Voices Canada's Determination in
War—Granted Freedom
of London.

LONDON, July 30.—The highest honor a municipality can give—the freedom of the city—was conferred by London today on Sir Robert Borden, the Canadian premier. The customary ceremony took place at the Guild Hall amid a downpour of rain which sent the thousands of persons who had gathered for the event scurrying for shelter.

Premier Asquith, A. Bonar Law, secretary of the colonies, and other members of the cabinet attended. The city chamberlain on presenting the freedom of the city referred in particular to the splendid deeds accomplished by the Canadians at the front.

Gives Credit to Canadians.

Premier Borden expressed deep appreciation of the honor accorded him. The action of the Canadian people, he declared, was due not to its government or its statesmen, but to the spirit of the Canadian people, which would continue to the end an overwhelming impulse to preserve the institutions of the empire and its influence for good throughout the world for all ages to come.

"I have no doubt as to the issue," he added, "for the resources of the British empire are infinitely greater than those of Germany."

Admits Unpreparedness.
Premier Borden admitted the unpreparedness of the empire, but thought there was reason for congratulation in

the splendid preparations that had been made since the outbreak of the war, not only in these islands, but in the dominions over the seas.

"I wish to impress upon all within the British Isles and those in the overseas dominions," he said, "that all for which our fathers fought and bled; all our liberties and institutions; all the influence for good of the British empire throughout the world, hangs in the balance today, and, therefore, we cannot, because we must not, fail. I bring from Canada a message of unflinching determination."

The freedom of the city was presented to Sir Robert in a richly chased gold casket.

FRENCH DEFENSE BOND

LIMIT, \$1,400,000,000

PARIS, July 30.—The chamber of deputies has raised the limit of the issue of defense bonds to 7,000,000,000 francs (\$1,400,000,000). The lower house also appropriated 450,000 francs (\$90,000) for the relief of the population of the French districts invaded by Germans.
